## ACTIONS FOR DEVELOPMENT PROGRAMS - MBOZI (ADP MBOZI)

### 6.3 Environmental management

- Promote access to safe, adequate and sustainable Water supply services for community
- Facilitate improved waste management system
- Enhance afforestation
- Enhance soil and water conservation measures

### 6.4 Community Empowerment (Gender, HIV and AIDS and Good Governance)

Relevant issues such as gender, HIV/AIDS and good governance are very crucial in our mandate area, to the extent that if they are not addressed they might hinder the impact of other interventions. Therefore depending on circumstances, ADP Mbozi will address these issues directly as focus area and also through the approach of mainstreaming them in all other organization interventions. The specific areas to be addressed are:-

- Promotion of gender equality and equity
- HIV and AIDS prevention and impact mitigation including MVC support
- Enhancing good governance

Support to Most Vulnerable children

### 6.5 Strengthening internal capacity of ADP Mbozi

The objective of this area is to develop ADP Mbozi into a strong organization able to implement its programs into the foreseeable future. The following strategies will be used:

- Strengthen resource mobilization
- Improve human resource management

- Improve policies systems and procedures in the organization
- Operationalize M & E system
- Enhance networking and collaboration
- Enhance publicity of the organization

### 7. COVERAGE

In the next three years ADP Mbozi will be working in the Southern highlands of Tanzania.

### 8. Approaches

- Working with target group through groups and volunteers/para professionals
- Use of Farmers field schools
- Value chain development
- Networking and out-sourcing
- Resource Efficient Agriculture

Facilitation session in the village

• **Policy Analysis and Advocacy:** The advocacy will be informed by policy analysis and operational research that will be conducted in implementation areas. CBOs and community groups will also collect evidence that will inform the technical research that has been done and adding value to the policy analysis data. The information collected initially will form baseline and subsequent data collection will inform advocacy agenda.

• **Institutional Strengthening:** This strategic area will focus on strengthening capacity of partner institutions towards maternal and child health outcome. Areas of institution strengthening will be tailor made to the needs of the institution including Leadership skills and Governance, Monitoring and Evaluation, Financial management and Human resource management. This capacity strengthening will also target HDT's own capacity strengthening where its technical and infrastructural capacity will be addressed.

In maternal and child health HDT has contributed to the following:

- Increased quality and quantity of nurses and midwives in Tanzania;
- Increased visibility of family planning among policy makers particularly parliamentarians;
- Increased resource allocation for family planning at district and national levels; and
- Integration of reproductive and child health in HIV programs.

## PLUS DE 15 ANS

Au service de la Femme et de la jeune fille

### PLUS DE 15 ANS au service de la femme et de la jeune fille

Reconnue juridiquement en 2003, Horizons femmes est une association qui œuvre pour l'épanouissement social des groupes humains défavorisés, particulièrement les femmes et les jeunes filles.

### NOTRE VISION

Parvenir à terme à une société où les rapports sociaux sont fondés sur un idéal de justice sociale et d'équité, favorisant un développement humain harmonisé des groupes pauvres et vulnérables, cibles de l'association.

### NOTRE MISSION

Accompagner les mutations sociales en faveur de l'égalité des genres, dans les secteurs de forte vulnérabilité pour les femmes et la jeune fille.

### NOS AXES STRATEGIQUES

Ces missions se déclinent en cinq principaux axes stratégiques:

- **Santé Communautaire:** Contribuer à l'amélioration de l'efficacité des actions de santé communautaire, au bénéfice des femmes et de la jeune fille
- **Bonne Gouvernance:** Favoriser la bonne gouvernance en vue de la sauvegarde des droits de l'homme des cibles de l'association
- **Autonomisation Socioéconomique:** Promouvoir l'autonomisation socio-économique de la femme et de la jeune fille, à travers des actions de réduction de la pauvreté, de sécurité alimentaire et d'économie sociale & solidaire
- **Environnement et Protection de la Nature:** Favoriser la maîtrise des changements climatiques et leurs effets néfastes sur les femmes et les jeunes
- **Paix, Sécurité et Action Humanitaire:** Agir pour garantir la paix, la sécurité et l'action humanitaire dans les contextes de crise.
