Making a go decision

Is the opportunity....

- Within your experience/expertise? If there are any gaps in your expertise, geographic presence, etc. are there partners you can work with to fill them?
- Strategic for the growth/expansion of your organization and its mission?
- Being awarded through a mechanism your organization can implement?
- Presenting any risks and if so, can those risks be mitigated?
- Do you have the resources to pull a high-quality proposal together in time?

If the answers are “yes”, then you’ll move to the next phase...

Pre-Planning (Capture)

What is Pre-Planning?

It is an opportunity-specific process following a go decision that continues until the opportunity is released (for competitive opportunities)

It includes:

- A thorough assessment of the opportunity
- An analysis of the competition
- An assessment of your organization's technical capabilities

To then inform and begin:

- Your strategy to resource the proposal effort and identify your proposal team
- Your partnering strategy and begin to build your consortium
- Your initial technical, management, and budgeting strategies
- Your recruitment of key personnel

Forming a Winning Consortium

Things to consider

- Complementary vs. overlapping skills/expertise
- Good reputation/credibility
- Strategic geographic focus
- History of positive performance
- What type of partners are needed - exclusive, non-exclusive, technical assistance, implementation, or resource partners

How to identify

- Research current implementers with USAID and other donors
- Use your networks (employees, former colleagues)
- Attend industry sponsored events (TWGs, project closeout events)
- [WorkwithUSAID.org](https://www.workwithusaid.org) - A resource hub designed for new, current, and future local and international partners to navigate how to work with USAID.

Forming a Winning Consortium

Tools

- Capability statements give a summary of your organization and its technical/geographic expertise, proof of qualifications
- Scope of Work – agree on the partner’s role/responsibilities for proposal preparation and for the project
- Non-Disclosure Agreements (NDA) - is a binding contract between two or more parties that prevents sensitive information from being shared with others.
- Pre-Teaming and Teaming Agreements (PTA/TA) – establishes a formal relationship between your organizations, sets out the parameters under which you’ll work together, details the sub-partners SOW for the project, etc. (can be exclusive or non-exclusive)
 - PTAs are entered into before an RFA is released and are subject to review/adjustment once the RFA is released – these contain draft SOWs and contain NDA language so that organizations can work together before the final RFA is released. Final TAs are entered into upon
 - Do not share any proprietary or competitive information before a signed teaming agreement is in place.
 - Should be signed as soon as possible so that information sharing is not impeded.

Program Title: Integrated HIV Care and Treatment Support Activity

Catalog of Federal Domestic Assistance (CFDA) Number: 98.001

Ladies/Gentlemen:

The United States Agency for International Development (USAID) is seeking applications for a cooperative agreement from qualified entities to implement the Integrated HIV Care and Treatment Support program. Eligibility for this award is restricted to local organizations as defined in Section C of this NOFO.

USAID intends to make an award to the applicant(s) who best meets the objectives of this funding opportunity based on the merit review criteria described in this NOFO subject to a risk assessment. Eligible parties interested in submitting an application are encouraged to read this NOFO thoroughly to understand the type of program sought, application submission requirements and selection process.

To be eligible for award, the applicant must provide all information as required in this NOFO and meet eligibility standards in Section C of this NOFO. This funding opportunity is posted on www.grants.gov, and may be amended. It is the responsibility of the applicant to regularly check the website to ensure they have the latest information pertaining to this notice of funding opportunity and to ensure that the NOFO has been received from the internet in its entirety. USAID bears no responsibility for data errors resulting from transmission or conversion process. If you have difficulty registering on www.grants.gov or accessing the NOFO, please contact the Grants.gov Helpdesk at 1-800-518-4726 or via email at support@grants.gov for technical assistance.

USAID may not award to an applicant unless the applicant has complied with all applicable unique entity identifier and System for Award Management (SAM) requirements detailed in Section D.6.f. The registration process may take many weeks to complete. Therefore, applicants are encouraged to begin registration early in the process.

Please send any questions to the point(s) of contact identified in Section D. The deadline for questions is shown above. Responses to questions received prior to the deadline will be furnished to all potential applicants through an amendment to this notice posted to www.grants.gov.

Live Proposal Development – what to do first?

1. Read the RFA!
2. Identify/reconfirm your proposal team and make assignments
3. Create/review your calendar
4. Create a compliance matrix to review RFA requirements, evaluation criteria, and compliance
5. Identify/review your partnership configuration
 - Add/drop partners, revise SOWs
 - Keep partners informed and involved in the process
6. Review/reconfirm key personnel/staff candidates and gear up to fill any gaps
7. Read the RFA again!

Proposal Team Functions

Define the roles that are critical for success and how your staff can fill them. Ensure the roles/responsibilities are clear and communicate often!

Functions:

- Organization, communication, and knowledge management
- Technical/M&E
- Budgeting
- HR/Recruitment
- Reviewers (technical, compliance, budget)

Questions to the Donor

- When asking USAID or another donor a question on the RFA – some things to consider:
 - Frame the question in a way that the donor can easily answer and answer in the way you'd like to see.
 - Will your question give away your technical approach or strategy?
 - Could the donor answer it in a way that will not help you clarify?
 - Do you need to ask the question, or is it better to assume and proceed?

Q&A – 10 minutes

Technical Approach

Describes your approach and rationale to addressing the challenge or opportunity outlined in the solicitation.

The technical approach is the largest section of your technical proposal—and the one that carries the most weight when the donor is scoring submissions to select a partner.

Be sure that it:

- Demonstrates your understanding of the programming context and stakeholders;
- Describes how you will achieve objectives;
- Includes a plan for monitoring, evaluating, and learning (MEL);
- Provides specific interventions to achieve the overall Activity goal; and
- Outlines how you will test, document, and share best practices and lessons learned.

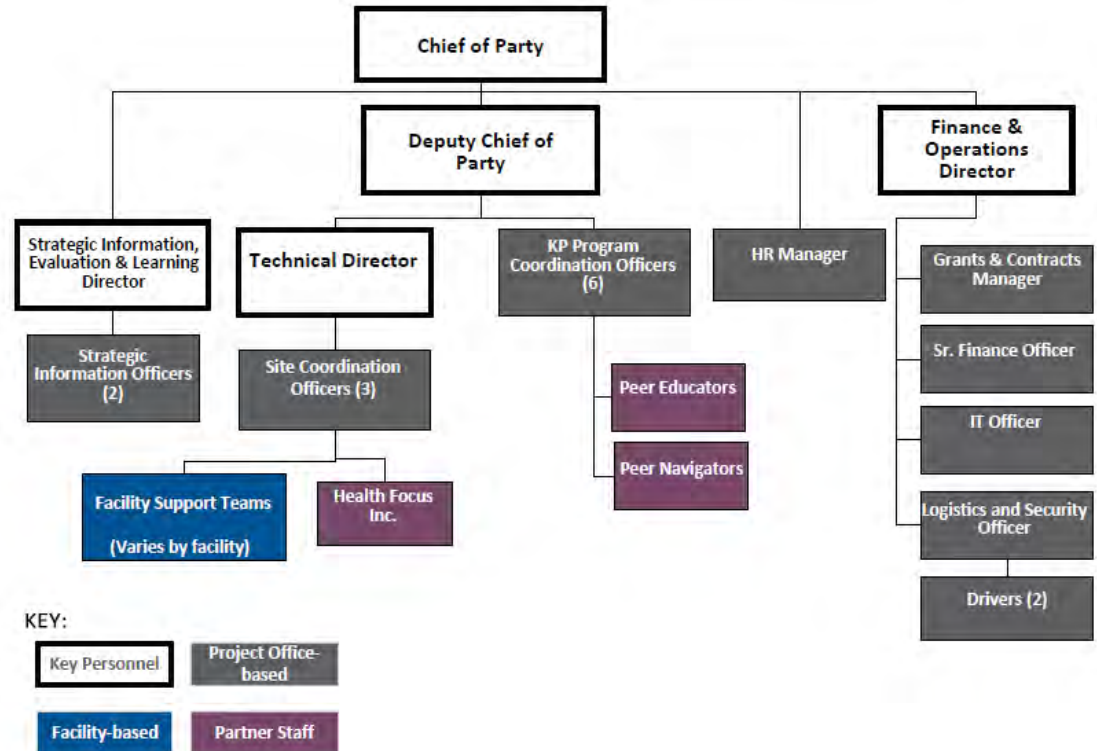

Management and Staffing Plan

The management and staffing plan describes how you will:

- Identify and work with partners or subrecipients
- Establish lines of authority, communication, and reporting
- Assign staff to key roles and obtain additional technical expertise as needed
 - Including Key Personnel and non-key staff that are essential to the project
 - CVs for Key Personnel are usually requested in the Annex and must describe and demonstrate their qualifications and meeting the requirements.

Organizational Chart

- Develop your org chart early and cost it out to ensure the structure is feasible
- Use what assumptions you can to get started
- Staffing needs will vary depending on the type of project – service delivery vs. technical assistance
- Balance the budget to ensure appropriate percentages are going to staff vs. activities

Monitoring, Evaluation, and Learning Plan

1. Identify Program Goals and Objectives
2. Define Indicators (output and outcome) – sometimes provided in the RFA, USAID standard indicators, and custom indicators.
3. Define Data Collection Methods and Timeline.
4. Identify M&E Roles and Responsibilities.
5. Create an Analysis Plan and Reporting Templates.
6. Plan for Dissemination and Donor Reporting.

Organizational Capacity and History of Performance

Organizational Capacity

- Appears as a narrative within the Technical Application.
- Demonstrates that you can perform the SOW of the opportunity by describing past and current work related to the SOW of the opportunity.
- Include experience of the prime and the consortium partners.

History of Performance/Past Performance

- Appears in the Annexes
- Using the template provided by USAID/donor, describes specific projects that you've recently implemented related to the SOW of the opportunity.
- USAID will contact staff who are familiar with your work and can speak to your performance.
- For the prime and consortium partners.

HISTORY OF PERFORMANCE

1. Award Number:
2. Agency or Entity Providing the Funding:
3. Description of the Program Including Complexity/Diversity of Tasks:
4. Primary Location(s) of Program:
5. Period of Performance:
6. Skills/Expertise Required:
7. Dollar Value:
8. Type of Award:
9. Contact Information for Two Persons, Including Name, Job Title, Mailing Address, Phone Numbers, and Email Address

Cross Cutting Issues

The donor may require that you speak to and address other issues that impact the implementation of the project, for example:

- Gender: Conduct a gender analysis and incorporate activities into the application that will reduce any gender gaps in the expected program outcomes. A gender action plan is required as part of the work plan.
- Youth: Develop and implement youth-friendly service packages and employ a Positive Youth Development (PYD) approach and propose concrete and practical approaches.

Review, review, and review

1. Define your organization's review milestones at different points in the proposal development process
2. Follow a consistent process for each review, give reviewers instructions
3. Identify staff who can serve as reviewers (separate from the proposal team) and train them in how to review, if needed

Examples of reviews:

- To assess the pre-planning strategy/goals
- To predict competitors' likely solutions and strategies
- To verify compliance and execution of your win strategy
- To predict how the donor will evaluate your proposal and make improvements to it
- Review of the budget and approve pricing strategy
- To confirm your proposal incorporates necessary changes from previous reviews and is ready for proposal submission
- After-Action Review to record lessons learned and make improvements to your proposal development process

Budget Development

Go back to RFA and review what the cost presentation should look like and use/modify provided templates.

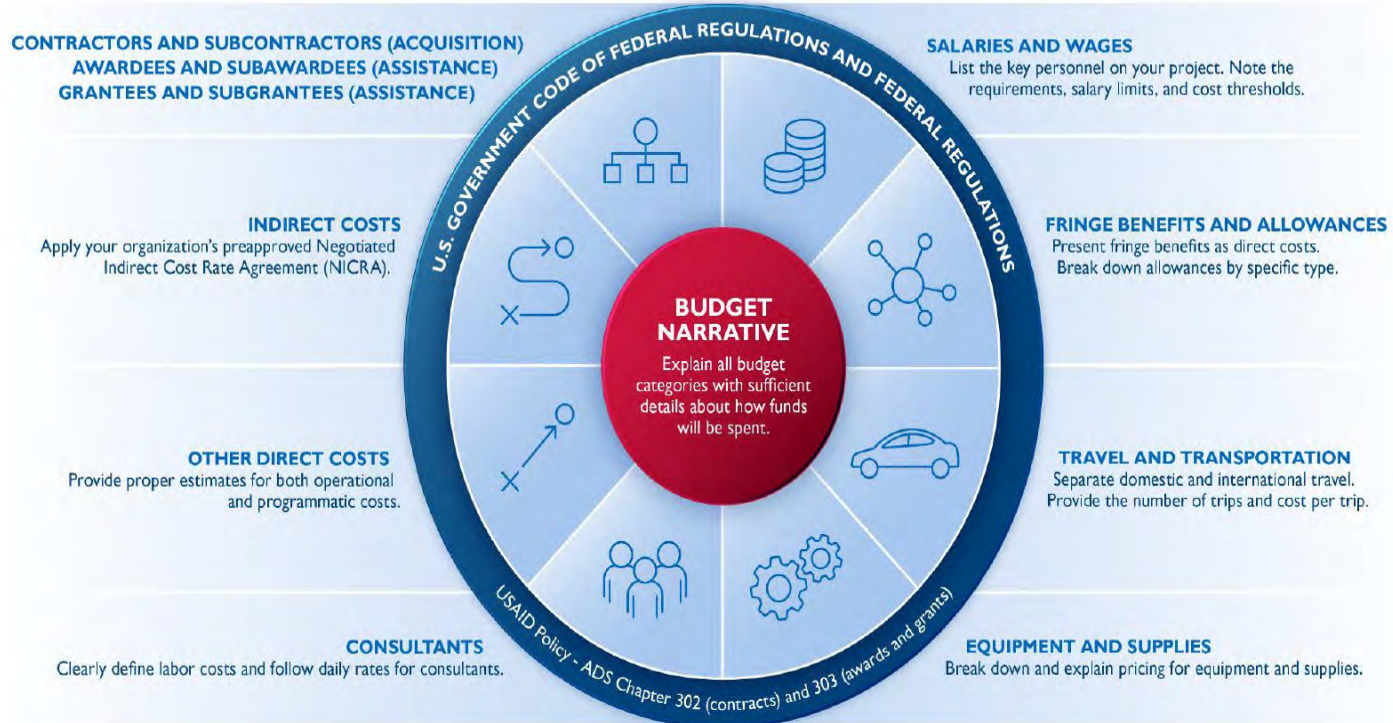

USAID will evaluate your cost proposal* and level of effort on three points.

1. Reasonable: Costs are generally recognized as ordinary and necessary.
2. Allocable: Costs are incurred specifically for the award.
3. Allowable: Costs are not disallowed by the terms of the award.

Coordination with other teams is key to successful budget development!

*For you and for each of your sub-partners

Salaries and Wages

- The key takeaways:
 - Be aware of market standards for different positions and implement actions that will allow you to be competitive within the local job market.
 - Review salary scales and revise
 - Do comparisons within the market
 - Budget for the positions as needed for new awards
 - Advocate with USAID for what is needed to ensure you can hire and retain high caliber staff

Indirect Costs

Indirect Costs:

Typically include expenses that cannot be attributed to one activity, such as costs in the head office for implementing multiple activities.

Rates for indirect costs may be submitted in two ways:

- Established partners typically apply preapproved rates from a Negotiated Indirect Cost Rate Agreement (NICRA) with the Agency. Note: If you have a NICRA do not include costs in the budget that are covered by your indirect cost rate.
- New partners without a NICRA may opt to budget costs as “direct costs” or they may propose a rate, such as the 10-percent Modified Total Direct Costs also known as *de minimis* rate.
 - All Prime partners are required to provide 10% De Minimus to eligible subawardees. No supporting documentation is required.

Cost Share

- Cost share or "matching" refers to the resources a recipient contributes to the total cost of an agreement.
- It becomes a condition of an award when it is part of the approved award budget, is verifiable from the recipient's records, and must be reported on throughout the life of the project.
- Only non-USG funds can count towards cost share.
- Cost share can/should be flowed down to sub-partners, but be aware of the risks.

Budget Narrative

A budget narrative includes:

- Explanations of budget categories;
- Descriptions and justifications of each line item; and
- Sufficient detail to allow USAID to assess proposed costs and see precisely how its money will be spent.

To make it easier for reviewers to understand, ensure that your budget narrative follows the exact format of your detailed Excel budget.

Do not describe mathematical calculations; rather, explain the rationale for the proposed costs.

3.1.3 Short-term Technical Assistance (STTA) Expatriate/Consultants Flights

The budget includes 3 round-trip airfares at \$1,500 on average per airfare from U.S. city to Almaty for consultants' travel to post. Airfare costs are based on current Fly America-compliant, refundable economy-class airfare quotes from our in-house travel agent from U.S. city to Almaty Kazakhstan. Three trips per year are budgeted for each program year.

3.1.4 Per Diem (Lodging and M&IE) and Ground Transport

Per diem is budgeted based on the rates provided in the Department of State Standardized Regulations (DSSR), Chapter 925. The following assumptions have been budgeted per diem: a) *International Travel Per Diem*: Lodging and M&IE is budgeted at \$316/day per the DSSR for international HQ, STTA, and consultants traveling to Kazakhstan. Each trip is budgeted for 14 days inclusive of travel days. We calculated per diem days based on the LOE budgeted under personnel for HQ, STTA, and international consultants. b) *Ground Transport*: \$150 per trip is budgeted for ground transport for HQ, STTA, and consultant travel to Kazakhstan.

Proposal Finalization and Submission

On your calendar, leave plenty of time for:

- Copy editing - check for spelling errors, grammar, consistent word use, acronyms, etc.
- Formatting - don't forget headers, footers, page numbers, signatures, alignment, tables, text boxes, graphics, etc.
- Final compliance check/sign off

Submission

- Submit your application 24 to 48 hours before the deadline
- Ensure the correct email address, copy others at your organization
- Review the solicitation and account for any email size restrictions or other instructions for submission
- Ask for confirmation of receipt from the donor (call the donor if needed)

Post-Submission

- Debrief with your team and discuss how you might improve the process for the next time you apply for an award.
- Prepare for USAID to come back with questions/clarifications on your application.
- If USAID notifies you that you weren't successful, request in writing a debrief or a copy of USAID's evaluation of your response (within 10 days of notification from USAID)
- Use this feedback to build expertise, enhance systems, and reassess alignment with donor priorities.
